Atreeum was created off the dream of its sister company, Plantmasters. Plantmasters has been taking care of Wichita's interior landscaping needs since 1985. Plantmasters is run and owned by Gary and Margo Loop. Gary has his horticulture degree from K-State and Margo has her Masters degree from UNK. Gary, Margo, and Meryl Loop started the Atreeum. Meryl, the daughter of Gary and Margo previously worked as the Guest Experience Manager at Intrust Bank Arena for the 6 years prior to going full time with Atreeum. During her time at the Arena, Meryl gained her MBA from Newman University and was also awarded IAVM's 30 under 30 class of 2019.

Gary and Margo purchased the greenhouse in 2020 and the family started renovations right away. Gary was able to put his horticulture degree to use with his expertise and knowledge of greenhouses. Atreeum opened for it's first event on May 30th 2021. Having 9000 sq. ft. of greenhouse and 40 acres the Loop's will likely never stop adding on to their dream business, which has now become a beautiful reality.
